

MUSEUMS

Hermann Hesse Museum

The little museum dedicated to the German writer Hermann Hesse in Montagnola, above Lugano, is one of the most visited in Ticino. A permanent exhibit set up in the halls of the Torre Camuzzi, adjacent to the Nobel Prize winner's first home, introduces to the forty years that Hesse spent in the South of the Alps from 1919. Collected are objects and works of this author, one of the most widely read in the world: famous are his glasses, the typewriter and the delicate watercolors. An excellent audioguide in Italian and German accompanies the visitor through the pleasant landscapes of the Collina d'oro (Golden Hill), dear to the writer.

WATER

Splash & Spa

Splash & Spa, the aquatic park in Rivera, is considered one of the most modern in Europe. With an original structure, it covers a surface of about 14 thousand square meters, is open 365 days a year until 10 pm and is easily accessible, both by car and by train. The structure, developed with awareness of the environmental impact, is valorised by chromatic simulations and virtual projections that create a highly staged impact, especially at night. The innovative centre is set out in three futuristic domes, dedicated respectively to leisure, entertainment and wellness.

CITIES & MONUMENTS

Locarno's historic centre

Locarno's Piazza Grande is the heart of the city distinguished by a 700 meter-long succession of harmonious porticos built in the Lombard architectural style and hosting numerous businesses and restaurants. Old palaces face this street view that is particularly animated in the summer during the musical show "Moon & Stars" and the International Film Festival. Piazza Grande is the point of departure to visit the historic centre's important sites, like the Visconti Castle, the numerous churches of the *Città Vecchia* (old city), the lakefront and the important church of San Vittore in Muralto.
